Pruning Time Workshop

If you don't know whether or not your beloved shrubs should greet the season styled like military haircuts or Rappunzel's locks, this LongHouse Pruning Workshop is for you. Join Director of Horticulture, Ray Smith, president of Ray Smith and Associates, and his colleagues to learn the tricks of the trade.

You'll learn how and when to thin your larger trees in order to open a canopy for air and sunlight and the proper way to remove dead, diseased and rubbing branches. You'll receive tips for pruning fruit trees and spring and summer-blooming shrubs.

The LongHouse Reserve is located at 133 Hands Creek Road, East Hampton, and is open days for members and the public from 2 p.m. to 5 p.m., Wednesdays and Saturdays, from May 1 through October 9 (Columbus Day weekend), and July and August, Wednesday through Saturday.
