PRESS RELEASE

For Immediate Release: May 1st, 2008

Ray Smith & Associates completes reflecting pool at LongHouse Reserve in East Hampton.

Ed Drohan, manager of Ray Smith & Associates Water Garden Division has designed and supervised completion of a twenty by twenty foot reflecting pool. The reflecting pool is unique in its design boasting its negative edge 'vortex' waterfall. The twenty-one thousand gallon per hour waterfall roars as a fifteen foot geyser shoots up from the center.

The mission of LongHouse Reserve is to exemplify living with art in all forms. Through its arboretum, sculpture gardens, and educational programs, LongHouse brings together art and nature, aesthetics and spirit, with a strong conviction that the arts are central to living wholly and creatively. Dedicated to quality and integrity, LongHouse programs encourage a broad concept of learning.
