Kills Lawn Moss Quickly!
See Results in Hours

Turns Lawns a Deep Green

No Excess Growth, Less Mowing!

Traducción en español colocada en el panel posterior

ACTIVE INGREDIENT:	
Ferrous Sulfate Monohydrate	32.0%
INERT INGREDIENTS	68.0%

Keep out of reach of children
CAUTION
See back panel for additional precautionary statements and First Aid.

NET WT. 20 LB (9 KG)

Lilly Miller®
MOSS OUT!®
LAWN GRANULES

FOR LAWNS

TREATS UP TO 5,000 SQ.FT.

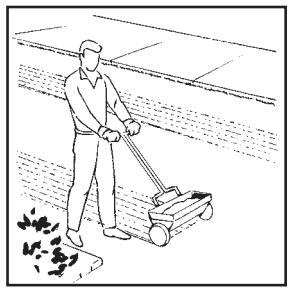
Lawn moss is a common problem in many areas. Moss thrives in damp, shady lawns where the soil is acidic and drainage is poor. Under these conditions moss can spread into areas where grass once grew. If steps are not taken, moss can take over a lawn. Fortunately, moss can be quickly killed with applications of MOSS OUT!® LAWN GRANULES. Killing the moss gives grasses a chance to "reclaim" the lawn. MOSS OUT!® LAWN GRANULES has another benefit: It turns grass a deep green, the color most of us want for our lawns. MOSS OUT!® LAWN GRANULES has 10% Iron to kill lawn moss and green the grass. Because no fertilizer is added you get moss control and greening without excessive growth that requires frequent mowing.

GUARANTEED ANALYSIS:
Iron (Fe) 10%
10% Water Soluble Iron (Fe)

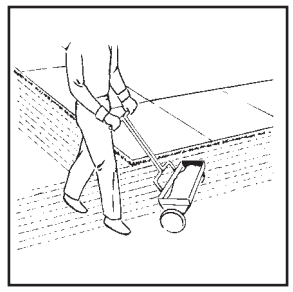
Derived from Ferrous Sulfate.
F1475
Information regarding the contents and levels of metals in this product is available on the internet at https://www.aapfco.org/metals.html

Filled by weight not by volume. Product may settle after packaging.

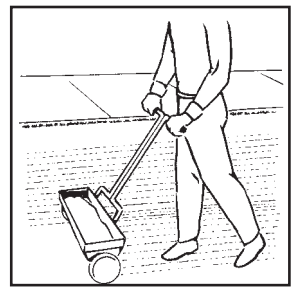
If you are not satisfied with the performance of this product, simply send your name, address, and proof of purchase to the address shown and we will be happy to refund your money.



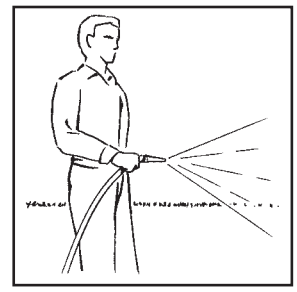
Begin spreading by laying down two strips of this product at each end of lawn. Fill in remaining area as shown here.



Close the spreader when you stop walking or make turns to avoid uneven coverage.



Overlap previous wheel track slightly, as shown, to avoid gaps in coverage.



Water in after application.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.
FOR HOUSEHOLD USE ONLY. NOT FOR USE INDOORS.

For best results, apply this product when the lawn is moist. Mow lawn to expose existing moss prior to application. This allows the granules to fall through the grass to the soil and go to work. To get the most complete kill of moss, or when moss is very thick, rake out as much moss as you can using a thatching rake or lawn rake. Water in to hasten the moss killing action and greening process. Apply at the rate of 20 lbs. per 4,000 square feet for heavy moss infestations or 20 lbs. per 5,000 square feet for lighter moss infestations. To improve the appearance of lawn or turf, rake out dead moss a few days after treatment.

SETTING YOUR LAWN SPREADER

THESE SETTINGS ARE A GUIDE. They were determined by landscape professionals using new spreaders. The condition of your spreader, your walking speed, the roughness of the lawn, and even the humidity can affect how fast the product comes out. Watch the flow rate. If product appears to be coming out either slower or faster than you are covering the lawn, adjust the setting. Close the spreader when filling, turning or stopping.

IRON WILL STAIN. USE THIS PRODUCT ON LAWNS ONLY. KEEP THIS PRODUCT OFF SURFACES SUCH AS SIDEWALKS, PATIOS, WOODEN DECKS, DRIVEWAYS AND CLOTHING. Sweep concrete surfaces immediately to prevent staining. If concrete is wet when contact occurs, staining may be impossible to prevent.

SPREADER SETTINGS

Settings	Heavy Moss (20 lbs. per 4,000 sq. ft.)	Lighter Moss (20 lbs. per 5,000 sq. ft.)
Drop Spreader Models		
Earthway® Ev-N-Spred®	6	4
Scotts® AccuGreen® 1000	5	4.5
Scotts® AccuGreen® 2000	3.75	3.5
Scotts® AccuGreen® 3000	5	4
Sta-Green® 4500	1.75	1.5
Rotary Spreader Models		
These spreaders can toss granules a great distance. Do not allow granules to fall on surfaces that might be stained.		
Vigoro® SB 4000V	5	4
Earthway® Ev-N-Spred®	10	9
Scotts® AccuGreen® 1000	3	2.5
Scotts® AccuGreen® 2000	5	4
Scotts® AccuGreen® 3000	4	3
Sta-Green® 4500	4	3

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals.
PESTICIDE DISPOSAL: ***If partly filled:*** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
CONTAINER DISPOSAL: ***If empty:*** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Do not get in eyes, on skin or clothing. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and before eating or smoking. Do not allow persons or pets in treated areas until granules have been watered in and treated area is dry.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. *IF IN EYES:* Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. *IF ON SKIN:* Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. *IF INHALED:* Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call 1-800-265-0761. All other inquiries: gardendivision@central.com

INSTRUCCIONES

USAR ESTE PRODUCTO DE MODO INCONSISTENTE CON LAS INDICACIONES DE SU ETIQUETA CONSTITUYE UNA VIOLACIÓN DE LA LEY FEDERAL. SÓLO PARA USO DOMÉSTICO. NO UTILICE EN INTERIORES.

Para mejores resultados, aplique este producto cuando el césped esté húmedo. Pode el césped para exponer el musgo existente antes de la aplicación, lo cual permite que los gránulos atraviesen el césped y pasen al suelo y sigan funcionando. Para mejorar la apariencia del césped o de la turba, rastrille el musgo muerto unos días después del tratamiento. Riegue para apurar la eliminación de musgo y el proceso de enverdecimiento. Aplique a una tasa de 20 libras por 4,000 pies cuadrados para las infestaciones graves de musgo o 20 libras por 5,000 pies cuadrados para infestaciones más ligeras de musgo. Para matar la mayor cantidad de musgo posible, o cuando este es muy abundante, rastrille el musgo tanto como pueda con un rastrillo de paja o uno de césped.

AJUSTE DE SU ESPARCIDOR PARA CÉSPED

ESTOS AJUSTES SON PAUTAS. Paisajistas profesionales que usan los nuevos esparcidores los han determinado. La condición de su esparcidor, su velocidad al caminar, el mantenimiento del césped e incluso la humedad pueden afectar la velocidad en que surge el producto. Controle la tasa de flujo. Si el producto parece que sale más lento o más rápido de lo que usted cubre el césped, calibre el ajuste. Cierre el esparcidor cuando llene, gire o se detenga.

EL HIERRO CAUSA MANCHAS. USE ESTE PRODUCTO SÓLO EN EL CÉSPED. MANTENGA ESTE PRODUCTO LEJOS DE SUPERFICIES TALES COMO ACERAS, PATIOS, PLATAFORMAS DE MADERA, ENTRADAS DE GARAJE Y ROPA. Barra las superficies de concreto inmediatamente para evitar las manchas. Si el concreto está húmedo cuando ocurre el contacto, las manchas son imposibles de evitar.

ALMACENAMIENTO Y ELIMINACIÓN

ALMACENAMIENTO DEL PESTICIDA: Almacene este producto en su envase original y manténgalo en un área de almacenamiento bajo llave fuera del alcance de los niños y animales domésticos.
ELIMINACION DEL PESTICIDA: ***Si está parcialmente lleno:*** Llame a su agencia local de desechos sólidos para obtener instrucciones sobre cómo eliminarlo. Nunca elimine el producto no utilizado en ningún drenaje interior o exterior.
ELIMINACION DEL ENVASE: ***Si está vacío:*** Envase que no se puede rellenar. No vuelva a usar o rellenar este envase. Tírelo a la basura o, si está disponible, ofrézcalo para reciclaje.

DECLARACIONES DE PRECAUCIÓN

RIESGOS PARA LOS SERES HUMANOS Y ANIMALES DOMÉSTICOS

PRECAUCIÓN: Causa irritación a los ojos. No permita el contacto con los ojos, la piel o la ropa. Dañino si se ingiere, inhala o absorbe a través de la piel. Evite respirar el polvo. Quítese la ropa contaminada y lave la ropa antes de volver a usar. Lave la ropa completamente con agua y jabón después de manejar el producto y antes de comer y fumar. No permita el ingreso de personas o mascotas en las zonas tratadas hasta que se haya regado los gránulos y se haya secado el área tratada.

PRIMEROS AUXILIOS

SI SE INGIERE: Llame de inmediato a un centro de control de envenenamiento o a un médico para recibir consejos de tratamiento. Haga que la persona beba tragos de agua si puede tragar. No provoque el vómito a menos que el centro de control de envenenamiento o médico le indique hacerlo. No dé nada por la boca a una persona inconsciente. *SI OCURRE CONTACTO CON LOS OJOS:* Mantenga el ojo abierto y enjuague lenta y suavemente con agua durante 15 ó 20 minutos. Retire los lentes de contacto, si hubiera, después de los primeros 5 minutos, luego continúe enjuagando los ojos. Llame a un centro de control de envenenamiento o a un médico para recibir consejos de tratamiento. *SI OCURRE CONTACTO CON LA PIEL:* Quítese la ropa contaminada. Enjuague la piel inmediatamente con abundante agua durante 15 ó 20 minutos. Llame a un centro de control de envenenamiento o a un médico para recibir consejos de tratamiento. *SI SE INHALA:* Mueva a la persona al aire fresco. Si la persona no respira, llame al 911 o a una ambulancia, luego aplique respiración artificial, boca a boca, si es posible. Llame a un centro de control de envenenamiento o a un médico para recibir consejos de tratamiento. Tenga consigo el envase o etiqueta del producto cuando llame al centro de control de envenenamiento o al médico, o acuda al tratamiento.

RIESGOS AMBIENTALES

No aplique directamente en el agua. No contamine el agua cuando elimine las aguas con que lavó el equipo.

Para emergencias médicas o preguntas acerca de este producto, llame al 1-800-265-0761. Para casos que no sean de emergencia, por ejemplo una información actualizada del producto, comuníquese con gardendivision@central.com
